ABS CHROME TAIL LIGHT BEZEL

Restyling Ideas' extensive Line of Tail Light Bezels

Restyling Ideas Tail Light Bezels offer a simple and elegant design that respects the original factory look. Built with a three dimensional outline, Restyling Ideas Tail Light Bezels not only enhance the uniqueness of your vehicle, but may also serve as a guard to reduce light damage from a rear collision. Well engineered with a perfect fit for stock tail lights, with easy peel-n-stick 3M tape, and a triple chrome finish, Restyling Ideas Tail Light Bezels are the best match for any OEM trims or emblems on your vehicle.

Restyling Ideas' Mirror Finish Stainless Steel Products

Restyling Idea has adopted a wide range of Stainless Steel Products to dress your ride. These products include Pillar Posts, Window Belt Moldings, Fender Trims, Gas Door Covers, and several other exclusive Molding/Trim products. We select only top grade 304 material, use very fine abrasive, polish, and buff, to get the brightest mirror-like surface. Trimmed with precision, and with a molded smooth edge, pre applied full face 3™ tape, or stainless steel hardware kits that make the installation easy, user friendly, and secure as well.
